CHARLY D. DOMINGO

Information Technology Student

SUMMARY

Information Technology student with hands-on experience in troubleshooting basic computer and software issues, setting up systems, and working with programming and databases through school projects. Enjoys keeping things organized, from preparing reports and presentations to managing files and documents. Works well with others and makes sure tasks get done on time. Looking for an OJT opportunity to support both IT and office tasks while learning how things run in a real workplace.

ACADEMIC EXPERIENCE

SetupSprint
Computer parts e-commerce website
Class project · PHP, CSS, MySQL

Hola Coffee POS
Point-of-sale system for a coffee shop
School project

KickStore
Shoe store e-commerce app
School project · Dart, Firebase

SCHOOL ACTIVITIES

- Completed academic projects with strong attention to detail.
- Collaborated effectively with classmates to complete assigned tasks and meet established academic deadlines.
- Prepared reports and presentations with organization and quality.
